

DRAFT

STATE OF ILLINOIS

CDBG-R SUBSTANTIAL AMENDMENT

**AS SUBMITTED TO THE U.S. DEPARTMENT OF
HOUSING AND URBAN DEVELOPMENT**

**Program Years 2005-2009
2008 Action Plan**

**Pat Quinn
Governor**

Document Prepared by:
Illinois Department of Commerce and Economic Opportunity
Warren Ribley, Director
June 2009

CDBG-R SUBMISSION TEMPLATE **& CHECKLIST**

The American Recovery and Reinvestment Act of 2009 ("Recovery Act") was signed into law by President Obama on February 17, 2009. The Recovery Act awards \$1 billion in CDBG Recovery (CDBG-R) funds to be distributed to cities, counties, insular areas and states, of which \$10 million has been reserved by HUD for its administrative costs and \$10 million of which will be awarded to Indian tribes. Recipients of the remaining \$980 million of CDBG-R funds will be the approximately 1,200 jurisdictions that received CDBG funding in Fiscal Year 2008. This template sets forth the suggested format for grantees receiving funds from CDBG-R. A complete submission contains the information requested below, including:

- (1) The CDBG-R Substantial Amendment (template attached below)
- (2) Spreadsheet for Reporting Proposed CDBG-R Activities (see <http://www.hud.gov/recovery>)
- (3) Signed and Dated Certifications (see <http://www.hud.gov/recovery>)
- (4) Signed and Dated [SF-424](#).

Grantees should also attach a completed CDBG-R Substantial Amendment Checklist to ensure completeness and efficiency of review (attached below).

THE CDBG-R SUBSTANTIAL AMENDMENT

Jurisdiction(s): State of Illinois	CDBG-R Contact Person: Patrick Davis Address: 620 E Adams Springfield, IL 62701
Jurisdiction Web Address: <ul style="list-style-type: none">• http://www2.illinoisbiz.biz/econ/inf-projects/Infrastructure.htm	Telephone: 217-785-6142 Fax: 217-782-1206 Email: patrick.davis@illinois.gov

ENSURING RESPONSIBLE SPENDING OF RECOVERY ACT FUNDS

Funding available under the Recovery Act has clear purposes – to stimulate the economy through measures that modernize the Nation’s infrastructure, improve energy efficiency, and expand educational opportunities and access to health care. HUD strongly urges grantees to use CDBG-R funds for hard development costs associated with infrastructure activities that provide basic services to residents or activities that promote energy efficiency and conservation through rehabilitation or retrofitting of existing buildings. While the full range of CDBG activities is available to grantees, the Department strongly suggests that grantees incorporate consideration of the public perception of the intent of the Recovery Act in identifying and selecting projects for CDBG-R funding.

A. SPREADSHEET FOR REPORTING PROPOSED CDBG-R ACTIVITIES

Grantees must provide information concerning CDBG-R assisted activities in an electronic spreadsheet provided by HUD. The information that must be reported in the spreadsheet includes activity name, activity description, CDBG-R dollar amount budgeted, eligibility category, national objective citation, additional Recovery Act funds for the activity received from other programs, and total activity budget. An electronic copy of the spreadsheet and the format is available on HUD’s recovery website at <http://www.hud.gov/recovery>.

B. CDBG-R INFORMATION BY ACTIVITY (COMPLETE FOR EACH ACTIVITY)

- (1) Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

STATE OF ILLINOIS ADMINISTRATION - \$429,263

To administer the program by providing technical assistance to and monitoring of projects.

- (2) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

- (3) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

Create 2 new positions.

- (4) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.) **NA**

- (5) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

Department of Commerce and Economic Opportunity

Patrick Davis

620 East Adams St

Springfield IL 62701

217-785-6142

CITY OF MOMENCE

- (6) Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

Economic Development 300,000

- (7) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery; Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

Retention of 271 jobs - 98% LMI. Company has recently acquired a competitor's bankruptcy assets (from out of the country) and expanded to 271 jobs. Retention of this manufacturer depends on meeting its needs for water. Existing 6" water main is insufficient. A 12" main is required.

- (8) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs))

271 jobs retained / 268 LMI

- (9) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.) NA

- (10) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

**CITY OF MOMENCE
M. Porter - Mayor
29 North Dixie Highway
Momence, Illinois 60954
815/472-2001**

GALLATIN COUNTY – drill new water well for \$483,525

- (1) Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

Administration \$23,025

Economic Development \$460,500

- (2) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

Gallatin County, Illinois will receive \$483,525 in grant funds on behalf of Saline Valley Conservancy District to drill a new water well to provide additional water to Big Ridge Coal Mine; Willow Lake Coal Mine, the largest employer in Gallatin and Saline Counties. This project will supply the mine with sufficient water and allow the 460 jobs to remain in the area.

- (3) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

An estimated 460 jobs will be retained.

- (4) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable). **NA**

- (5) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

Mr. Randy Drone

County Board Chairman

Gallatin County Courthouse

484 N. Lincoln Blvd. West

Shawneetown, IL 62984

CITY OF SPARTA

- (1) Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

Administration \$35,000

Economic Development\$699,000

- (2) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

The City of Sparta, Illinois will receive \$734,000 in grant funds on behalf of Spartan Light Metals Products to be used for re-tooling and employee re-training. This will enable the company to transition from a high volume manufacturing output to a competitive manufacturing framework allowing flexibility in product output. This project will retain 290 jobs in the city.

- (3) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

An estimated 290 jobs will be retained..

- (4) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.) N/A

- (5) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

The Honorable Rob Link

Mayor

City of Sparta

114 West Jackson Street

Sparta, IL 62286

KANKAKEE COUNTY

- (1) Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

Economic Development - \$199,500

- (2) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

Upgrade in plant for energy efficiency for the building and energy efficient machinery. In this deep recession, company has faced energy costs of upward of \$25,000 per month in heating costs. Restoration Works Ind has also suffered a fire which consumed on of its facilities. The extreme losses in the economic recession, high energy costs and fire has put this company at risk.

- (3) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

Retain 12 positions and create 17

- (4) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.)

Building will be energy efficient and will be cost effective for the company operation.

- (5) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

**Kankakee County
Mike Bassert - Chairman
189 E. Court St.
Kankakee, Illinois 60901
815/937-2958**

MONROE COUNTY - for working capital for KBMJ, Inc. for \$85,000

- (1) Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

Economic Development \$85,000

- (2) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

Monroe County, Illinois will receive \$85,000 in grant funds on behalf of KBMJ Inc. for working capital. This will allow this new business, a full service print shop, to open and employ 2.5 persons. This is a woman owned business venture and is a franchise of Allegra Marketing and Print Services.

- (3) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).
Create 2 full time and 1 part time jobs will be created.

- (4) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.) N/A

- (5) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

**Mr. Delbert Wittenauer
County Board Chairman
100 South Main Street
Waterloo, IL 62298-1322**

VILLAGE OF VALMEYER – stabilize steel ceiling in warehouse facility for \$750,000

- (1) Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

Economic Development \$750,000

- (2) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee’s CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee’s narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

The Village of Valmeyer, Illinois will receive \$750,000 in grant funds to stabilize a steel ceiling in the Rock City development. This will allow for further development of this unique underground storage facility.

- (3) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

An estimated 100 jobs will be retained.

- (4) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.)

The even, constant temperature of this underground facility allows for energy conservation.

- (5) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

**The Honorable Howard Heavner
Village President
Village of Valmeyer
626 Meyer Avenue
Valmeyer, Illinois 62295**

STREATOR

- (1) Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

Sewer Improvements - \$350,000

- (2) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

Construction of 37,000 lf of storm sewer of various sizes, and approximate 8,000 linear feet of sanitary sewer, associated drainage structures and manholes and surface restoration. Project is replacing 54" brick combined sewer installed in 1929 that has collapsed over twenty times in the last 15 years. The most recently collapse was last month, May 2009. Project area is 68.18% LMI. This is a very large project leveraging \$13,375,000

- (3) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

132,000 estimated construction labor hours.

- (4) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.)

Project will increase the capacity of the wastewater treatment plant and will reduce storm water inflow to it.

- (5) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

VILLAGE OF STREATOR

Ray Schmitt - Mayor

204 S. Bloomington

Streator, Il. 61364

815-672-2517

CITY OF KINMUNDY – Water system improvements for \$350,000

- (1) Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

Administration \$21,000

Water Improvements \$329,000

- (2) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

The City of Kinmundy, Illinois will receive \$350,000 in grant funds to replace water lines within the city, to construct a new 100,000 gallon elevated storage tank, and to refurbish an existing 50,000 gallon tank. In recent years the city has reported more than normal amounts of boil water orders. In addition, a small break costs about \$1388 to repair. The new water tank is needed to supply the city with at least 1.5 days of potable water storage. This is the EPA minimum recommendation. The existing tank needs to be refurbished to prevent problems with it once this new system is installed.

- (3) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

An estimated 30000 construction labor hours will be created.

- (4) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.)

This project will eliminate serious threat to health and safety of the residents living in this area by improving the water system.

- (5) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

The Honorable James Mulvany

Mayor

City of Kinmundy

115 West Third Street

Kinmundy, Illinois 62854-0058

- (1) Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

Administration

Water Improvements

- (2) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

The project will consist of water line replacement in targeted areas of the Village of Ipava along with constructing isolated connecting mains to eliminate existing “dead ends” in the system to increase fire flow and correct low residual pressure.

- (3) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

The project will create an estimated 18000 labor hours for construction related jobs.

- (4) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.)

N/A

815/249-6206

CITY OF BUSHNELL will replace water mains for \$350,000

- (1) Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

Water main replacement - \$329,000

Administration - \$21,000

- (2) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

The City of Bushnell, Illinois will receive \$350,000 in grant funds to replace approximately 6,600 linear feet of corroded cast iron water mains. The current water mains have corroded to the point of creating many leaks in the system leading to water quality problems. This will also alleviate a serious threat to health and safety providing long term economic benefits to this area.

- (3) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

An estimated 7,000 labor hours will be required to complete this project.

- (4) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.)

NA

- (5) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

The Honorable Steve Russell

Mayor

City of Bushnell

138 East Hail

Bushnell, Illinois 61422-1395

VILLAGE OF WARREN

- (1) Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

Gen Administration 18,300
Water Improvement 271,233

- (2) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee’s CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee’s narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

Warren will receive a \$289,533 grant to rehabilitate their well #4 that supplies the primary water for the community along with the replacement of the water meters which are inaccurately counting usage.

- (3) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

4,752 construction labor hours have been estimated.

- (4) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.)

NA

- (5) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

VILLAGE OF WARREN
Wayne Raisbeck - Village President
113 Cole Street
Warren, Illinois 61087
815/745-3315

CITY OF TAYLORVILLE

- (1) Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

Administration \$21,000

Flood and Drainage Improvements \$329,000

- (2) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

The City of Taylorville, Illinois will receive \$350,000 in grant funds to construct improvements to the storm water removal system in the northwest corner of the city. This will alleviate the drainage problems this area faces. This project is needed because raw sewage from overloaded combined sewers back up into homes in this low lying area. This will also alleviate a serious threat to health and safety providing long term economic benefits to this area.

- (3) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

An estimated 4700 labor hours will be used to complete this project .

- (4) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.)

NA

- (5) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

The Honorable Greg Brotherton

Mayor

City of Taylorville

115 North Main Street

Taylorville, Illinois 62568

VILLAGE OF OKAWVILLE – Water line replacement for \$243,750

- (1) Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

Water Improvements \$243,750

- (2) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

The Village of Okawville, Illinois will receive \$243,750 in grant funds to replace water lines within the village. These lines have suffered numerous breaks in recent years. These breaks have created unsafe conditions for village residents and required them to boil water during these times. This project will aid in avoiding these breaks and thus keeping the essential service of good drinking water available.

- (3) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

An estimated 4500 construction labor hours will be created.

- (4) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.)

NA.

- (5) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

**Mr. David Jasper
Village President

- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

The City of East Moline, Illinois will receive \$350,000 in grant funds to construct a water main in an area of the community. This will alleviate a serious threat to health and safety providing long term economic benefits to this area.

(2) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

An estimated 3,600 labor hours will be required to complete this project.

(3) Additional Activity Information: (A description of how the activity will promote energy conservation, smart growth, green building technologies, or reduced pollution emissions, if applicable.)

NA

(4) Responsible Organization: (Contact information for the organization that will implement the CDBG-R activity, including its name, location, and administrator contact information)

The Honorable John Thodos

Mayor

City of East Moline

915 16th Street

East Moline, Illinois 61244

CITY OF BARRY

- (1) Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

Water tower - \$329,000

Administration - \$21,000

- (2) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

The City of Barry, Illinois will receive \$350,000 in grant funds to construct a 200,000 gallon elevated water storage tank. This will meet the IEPA's minimum storage capacity requirement. This will also alleviate a serious threat to health and safety providing long term economic benefits to this area. The current unsafe water pressures are especially noted in outlying areas such as the industrial park. This is an area where the city would like to see even more development and growth with expansion of the industrial park. However, the topography makes transmission difficult to this area. A new storage tank in the proposed location near the industrial park will allow safe levels of water pressure by reducing the supply demands on the current tower and more effective pressurization in the north end of the city.

- (3) Jobs Created: (Report the number of full- and part-time jobs estimated to be created and retained by the activity (including permanent, construction, and temporary jobs)).

An estimated 3,230 labor hours will be required to complete this project.
